

Ref.094112 GOLDEN TOP EVO ALU

ROPE ACCESS

TEAM RESCUE

TOWERS/INDUSTRY

An incredibly comfortable and supportive full body harness for intensive rope access work. Ergonomic padding wraps around the worker's back and shoulders for exceptional support and ventilation strips on the back and leg loops allow for air flow. Patented ventral attachment features two loops: the upper loop is for attaching a chest harness and chest ascender and the lower loop holds the ventral D-ring for attaching lanyards and rope tools.

Supplied with the patented HMS Belay Lock connector that features an anti-rotation system. Equipped with a keeper strap for securing a chest ascender in a streamlined way.

Patented STS automatic buckles on the leg loops.

5 aluminum alloy attachment points: 1 sternal and 1 dorsal for fall arrest, 1 ventral for suspension and 2 side for positioning and restraint.

2 sizes.
