

STAINLESS STEEL CARABINER

The Most Corrosion-Resistant Carabiner Available
Patented

100% Stainless Steel
ANSI-Certified Version Available

If you work in some of the toughest conditions imaginable and need a carabiner that is ready to perform no matter how harsh the environment, this is the model you've been waiting for. Made of 100% stainless steel, including internal parts such as pins and springs, this carabiner is compact enough to operate easily with one hand and has a side-swing gate. The non-ANSI version will fit over a standard litter rail. The key-lock design eliminates snagging, and the three-stage auto-locking gate has a visual locking indicator. Ours is the only stainless carabiner with the highest NFPA strength rating—General Use.

Every carabiner is proof loaded.

Stainless	Major Axis	Minor Axis	Major Axis, Gate Open
300010	42 kN	12 kN	12 kN
300011	42 kN	12 kN	12 kN

Option	NFPA
Item	300010
PRODUCT WEIGHT	7.8 OZ (221 G)
GATE OPENING	1.05 IN (27 MM)
INTERIOR LENGTH	3.6 IN (91 MM)
GATE / COLOR	AUTO-LOCK / STAINLESS STEEL
NFPA RATING	GENERAL USE
3 SIGMA MBS	42 KN (9,442 LBF)
Price	\$56
Option	NFPA / ANSI
Item	300011
PRODUCT WEIGHT	8.4 OZ (238 G)
GATE OPENING	0.9 IN (23MM)
INTERIOR LENGTH	3.6 IN (91MM)
GATE / COLOR	AUTO-LOCK / STAINLESS STEEL
NFPA RATING	GENERAL USE
3 SIGMA MBS	42 KN (9,442 LBF)
Price	\$48
