

## AZTEK BOUND-LOOP PRUSIKS AND PURCELLS

Years of development, testing and fine tuning has made our sewn Prusiks, Purcells and cord a preferred choice by rescue schools, agencies and rescuers everywhere. Our 100% nylon sewn products offer unmatched performance—with strength equivalent to a tied Prusik loop, just without the cumbersome knot. Our factory-sewn SecureStitch<sup>TM</sup> is covered with durable clear shrink tubing that allows for regular inspection and helps protect the stitching for longer life. These bound-loop Prusiks and Purcell were designed specifically for use with our AZTEK ProSeries<sup>®</sup> System.

<b>Option</b>	Prusik, Orange
<b>Item</b>	295001
<b>WEIGHT</b>	5 OZ (17G)
