

AZTEK OMNI PULLEYS

The AZTEK OMNI pulley blocks and sheaves are machined from solid aluminum, feature swivel connection points, and utilize high-efficiency bearings. These pulleys were developed in the early 2000's by Reed Thorne of Sedona based *Ropes That Rescue*. The AZTEK system has become a valuable multipurpose tool of rescue and technical rope access practitioners. The AZTEK pulleys are offered individually or included in our AZTEK ProSeries System (item # 500104).

***Note:** The Slate blue pulley includes the AZTEK quick release pin and the Orange pulley comes with the side becket cover and screw.*

Option	Orange
Item	300321
PRODUCT NAME	PULLEY, AZTEK DOUBLE, ORG, CMC
WEIGHT	7.9 OZ (226 G)
SHEAVE	ALUMINUM
SHEAVE TREAD SIZE	1 X 0.4 IN (26 X 10 MM)
NFPA RATING	TECHNICAL USE
3 SIGMA MBS	43 KN (9,666 LBF)
Price	\$120
