

## MULTI-LOOP STRAPS

Made of 1-inch (25-mm) mil-spec tubular web, these straps allow you to tie into your anchor with just the right length of web. They're also handy for clipping several carabiners into one anchor point. Pocket stitching breaks at 5 kN (1,100 lbf). Available in 3 sizes.

### About CMC Web Gear

CMC sewn web products reflect many years of manufacturing experience and designs based on field use, rescues and testing. Lightweight yet durable, our tubular web delivers a high strength-to-weight ratio. Each product is sewn in our own California manufacturing facility with contrasting color thread for ease of inspection. We build CMC Web Gear as if we were going to use it ourselves – and we do.

<b>Option</b>	Small
