

PROTECTO CABLE WRAP

This polyester mesh tubing is less expensive and less bulky than other alternatives. It slides easily around corners and doesn't catch on obstructions with no zippers to fail or hook and loop to release at the wrong time. The material won't absorb or hold liquids, so it's easy to maintain and clean. Different colors aid in identifying lines. Protecto Cable Wrap will fit line bundles from 1/2 to 1-1/4 inch (12.7 mm to 32 mm) in diameter. Rated to 125°F (52°C). Available in 250-foot (76-m) spools.
