

SWIVEL DOUBLE PULLEY

PATENTED

The Swivel Double Pulley features aluminum sheaves and an integrated becket for building mechanical advantage systems. This double pulley is an excellent addition to rescue and rope access gear caches that need to be rounded out or enhanced.

Features

- Rotating swivel aligns rope with direction of pull
- Integrated becket for mechanical advantage systems
- Pivoting side plates open without having to disconnect pulley from anchor
- Double-detent button prevents accidental opening of side plates
- Aluminum sheaves for lightweight durability
- High-efficiency sealed ball bearings
- Integrated swivel minimizes overall system length and increases travel

Do not load a single side only of a double sheave pulley.

PRODUCT WEIGHT	14.6 OZ (414 G)
TYPE	DOUBLE
SHEAVE TREAD SIZE	1-1/2 X 1/2 IN (38 X 13 MM)
SHEAVE	ALUMINUM
COLOR	BRONZE / SLATE
NFPA RATING	GENERAL USE
3 SIGMA MBS	43 KN (9,666 LBF)
Price	\$165
