

VARIABLE ANCHOR STRAP

Our Variable Anchor Strap differs significantly in design and performance from other adjustable anchor straps. By using an additional length of web, it can handle a higher load before slipping. It adjusts from 3 ft (91 cm) to 7 ft (213 cm). The D-ring on one end is larger so the other end can pass through, allowing the strap to be rigged in a choker (girth hitch) configuration and still be adjusted. The high strength, quick adjustability and variable length make this strap a jack of all trades. Sewn-on web keeper allows for improved organization when stowed.

Note: We recommend using a Delta Quick Link connector (part #382121) to prevent possible tri-axial loading of a carabiner when used in a basket configuration.

Strength Specifications with Blue Web:

Basket (U) Configuration: 69 kN (15,511 lbf)

End-to-End Configuration: 18 kN (4,046 lbf)

Choker Configuration: 41 kN (9,217 lbf)

Strength Specifications with Black Web:

Basket (U) Configuration: 53 kN (11,914 lbf)

End-to-End Configuration: 26 kN (5,845 lbf)

Choker Configuration: 21 kN (4,720 lbf)

Option	Blue
Item	201020
PRODUCT WEIGHT	1.6 LB (737 G)
LENGTH	3 - 7 FT (91 - 213 CM)
COLOR	BLUE
NFPA RATING	GENERAL USE
Price	\$94
Option	Black
Item	201040
PRODUCT WEIGHT	1.6 LB (737 G)
LENGTH	3 - 7 FT (91 - 213 CM)
COLOR	BLACK
NFPA RATING	GENERAL USE
Price	\$95
