SOLUTIONS IN METAL

The Zippey 'Grab-catch' hook accessory, allows trolleys full compatibility with 'Grab-catch' hoop systems, allowing the hoop on the brake shuttle to captivate the hook on the trolley.

The captivation mean that the end of line braking system cannot propel users backwards down the line, as it resets its position.

The new grab catch hook can be easily retro-fitted to the Zip Trolley, using standard tools.

Weight	88g (3oz)
Height	63mm (2 1/2")
Width	75mm (3")
depth	6mm (1/4")
Body Material	Aluminium
