Data sheet

HIGH LIGHT

The HIGH LIGHT headlamp for use in combination with the INCEPTOR GRX is fitted with a powerful white LED light which can be dimmed in 3 steps to 200, 100 or 50 Lumen and a red LED light that provides up to 30 Lumen (dimnable to 10) - one of the most powerful RED lights on the market.

The HIGH LIGHT is a very comfortable headlamp to wear with its thick foam padding on the head and the high quality headband with silicone stripes. The lamp is rated higher than IP57 and is a durable companion in any weather, rain or snow. The lamp is equipped with 3xAAA or 1400 mAh Li-Po batteries.
