E-class number:	40-01-11-01
Customs no.:	65061010

## Data sheet

# INCEPTOR GRX REF

The INCEPTOR GRX is redefining the concept of safety. The specially-designed EPS thorax and PC/ABS shell absorb particularly high impact energies, both in the vertex area and at the side. The largest possible ventilation holes and ergonomic EPS thorax ensure exceptional wearing comfort. For increased safety in the dark, this version is equipped with reflective stickers.

The INCEPTOR GRX's neck strap allows continuous width adjustment from 54 to 63 cm. The chin strap is equipped with a Fidlock buckle: the ergonomic magnetic closure is easy to open and close with its secure and self-actuated engagement.

The gear rack, multiple helmet clips and Euroslots allow accessories such as headlamps, hearing protection and neck guards to be attached. All of the padding inside can be interchanged, cleaned or replaced. Not least, the INCEPTOR GRX impresses with its striking and straightforward contours.

## FEATURES

Max. service life: 10 Years

---

Max. number of persons: 1

---

Temperature: from 50 °C to -30 °C

---

Area of application:

Arborists, Construction / Roofer / Carpenter, High Rack, Rope Access / Rigging, Scaffolding, Wind Energy / Offshore Industry

---

## DIMENSIONS

Size: 54-63cm

---

Weight: 0,46 kg

---

## MATERIAL

Material:

Polycarbonat, Acrylnitril-Butadien-Styrol, Expanded Polystyrene

---
