Data sheet

IGNITE ARB TOP

IGNITE ARB TOP - the matching top part, with which the IGNITE ARB (G-1150) can be equipped without special tools to form a complete harness with a fall arrest eyelet and chest ascender according to EN 361. This workhorse scores points for its high resistance and is ideal for tree care and rope access techniques. The top part provides additional protection for the upper body while offering a high level of comfort in every work situation.

- Ultralight and comfortable
- Can be combined with the IGNITE ARB hip belt
- Additional protection and support during tree care
