Data sheet

FALC

FALC is the universal harness for diverse applications in industry and trades. It comes equipped with a practical climbing protection eyelet and a simple design that makes it the optimal assistant for easy climbing using fixed climbing systems on buildings, monuments and masts. The comfortable back padding on FALC provides high wearing comfort. FALC also features individual adjustment options in the chest area which gives the user optimal seating. Naturally, FALC has been tested for up to 140 kg user weight.
