pinchLock II

GENERAL

Art. no.:	H-163-PL-AN
EAN:	4030281164906
Standard:	EN 12275-H:2013 EN 362-B:2004

E-class number:	40-02-01-05
Customs no.:	76169990

Data sheet

pinchLock II

The pinchLock II (winner iF Product Design Award 2013 and the German Design Award 2014) revolutionised climbing hardware. The gate (28 mm) can only be opened when both spring plates are pinched. Easy handling and greater safety.

GENERAL

Internat. standard:	UIAA 121
---------------------	----------

FEATURES

Breaking load, major axis:	22,00 kN
----------------------------	----------

Breaking load, minor axis:	9,00 kN
----------------------------	---------

Breaking load, open:	7,00 kN
----------------------	---------

Max. opening:	29 mm
---------------	-------

Max. service life:	30 Years
--------------------	----------

DIMENSIONS

Size:	112 x 76,5 mm
-------	---------------

Weight:	0,08 kg
---------	---------

HARDWARE

Locking system:	Pinchlock
-----------------	-----------

MATERIAL

Material:	Aluminium
