

Data sheet

X-TREM DYNAMIK 11.0

GENERAL

Art. no.: R-052-100

EAN: 4030281165385

Standard: EN 892

E-class number: 40-02-90-06

Customs no.: 56075030

Data sheet

X-TREM DYNAMIK 11.0

X-trem is the low-kink dynamic rope for extreme applications. It is extremely abrasion-resistant, and has very low sheath slip. That means it can be used for many abseiling operations and has a high durability.

FEATURES

Number of standard falls:

15

Diameter:	11,00 mm
Dynamic elongation:	30,00 %
Impact force (EN 892):	9,00 kN
Hand-washing:	40 °C
Suitable for edges:	yes
Sheath percentage:	37 %
Max. service life:	10 Years
Max. number of persons:	1
Rope type:	DYN
Static elongation:	5,70 %
Temperature:	from 55 °C to -35 °C

DIMENSIONS

Size: 100m

Weight: 8,31 kg

MATERIAL

Material: Polyamide
