

## Data sheet

# X-TREM DYNAMIK 11.0

### GENERAL

Art. no.:	R-052-30
EAN:	4030281165774
Standard:	EN 892

E-class number:	40-02-90-06
Customs no.:	56075030

## Data sheet

### X-TREM DYNAMIK 11.0

X-trem is the low-kink dynamic rope for extreme applications. It is extremely abrasion-resistant, and has very low sheath slip. That means it can be used for many abseiling operations and has a high durability.

#### FEATURES

Number of standard falls:

15

Diameter:	11,00 mm
Dynamic elongation:	30,00 %
Impact force (EN 892):	9,00 kN
Hand-washing:	40 °C
Suitable for edges:	yes
Sheath percentage:	37 %
Max. service life:	10 Years
Max. number of persons:	1
Rope type:	DYN
Static elongation:	5,70 %
Temperature:	from 55 °C to -35 °C

## DIMENSIONS

Size: 30m

---

Weight: 2,5 kg

---

## MATERIAL

Material: Polyamide
